# PFT™ FRAMES STAIN KIT

## PFT™ FRAMES

While other companies may use a few inches of composite material finger jointed to wood at the bottom of their frames, Plastpro is proud to offer 100% full-length composite frames.

## CLOSED CELLULAR STRUCTURE

Ensures doorframe and molding will not absorb moisture and resists splitting, rotting and insect damage

## RIGID POLY FIBER FORMULATION

Plastpro's unique poly-fiber formulation provides durability, support and reliable

## TWICE THE SCREW-HOLDING POWER

Our unique formulation looks and feels like wood but is stronger and more durable

## EASILY MACHINED

Machine, paint, or stain just like wood frames but without the wood hassles

## VARIOUS LENGTHS

PFT™ Frames are available in sizes up to 17. Plastpro is proud to be the only manufacturer to offer full composite arched and radius frames for our doors.

# EL & EL WOOD PRODUCTS PRE-FINISH PROGRAM

We have the ability to make any door unit or entry system the "talk of the block." Our signature proprietary finish is beautiful, stylish, elegant, and durable with eight beautiful stain colors and ten rich paint colors to choose from. This patent-pending finish gives you an authentic real wood texture without all the real wood maintenance. We have spared no expense with a computerized mixing and monitoring system to ensure that the color is consistent and even, today, tomorrow, and for years to come.

Prefinish orders of any quantity are welcome, whether it's one door at a time or large volume commercial projects. Our specialty is fiberglass doors, and door units with sidelites and transoms. We provide our customers with a complete door entry unit finished with interior and exterior moulding included for installation. If you have any questions regarding our Prefinishing Shop, please call our sales offices for more information at (866) 621-2233 or email us at [doors@elwood.com](mailto:doors@elwood.com).
